## FOOTHILLS FAMILY MEDICAL CENTRE CANCELLATION POLICY

The physicians and staff of the Foothills Family Medical Centre constantly strive to provide the utmost in patient care; therefore we manage emergency scheduling to accommodate our patient's needs.

Our patients choose a time and date for their appointment in advance. We appreciate that you honour this in a responsible fashion by keeping your appointment and arriving in a timely manner. With reasonable notice we are very happy to reschedule your appointment.

There is a big demand for appointments on short notice, as a result we require 24 hours notice to reschedule an appointment. When patients do not provide adequate notice to cancel an appointment, it is time taken from other patients who may be suffering with an immediate requirement.

**If you are unable to provide the proper notice to cancel or reschedule an appointment, a fee will be charged to you. Payment will be required prior to rescheduling another appointment. Failure to adhere to this policy will result in termination of services at the clinic.**

We appreciate that most of our loyal patients do not cancel with little notice. We recognize also that on rare occasion family emergencies arise and acknowledge that some situations are unavoidable. These short notice cancellations will be assessed on an individual basis, where no penalty will be charged.

Thank you for you cooperation and understanding.

Both the provider and patient may agree to communicate using online communications, but neither party is obligated to do so. You are responsible for scheduling any necessary appointments and for following up if you believe an online communication was unanswered or not received. For this reason, if you use online communications to relay any information, including personal health information, to the clinic, you are hereby accepting the inherent risk of this information being compromised. Should you have any additional questions or comments regarding online communications or an online message, please call our clinic at 403-933-4368.

## RISKS:

All medical communications inherently carry some degree of risk. While the probability of risks associated with the use of online communications in our secure system is very unlikely, the risks are nonetheless real and should be understood.

These risks include, but are not limited to:

- Messages from your care provider may be seen by others using the Internet. Online communication is easy to forge, may be accidentally forwarded, and may exist indefinitely on the internet.
- Online communication messages may exist as an electronic or paper record within the clinic indefinitely.
- The clinic cannot guarantee that messages generated by online communication will be received, read or responded to within any particular period of time. **DO NOT USE ONLINE COMMUNICATIONS FOR MEDICAL EMERGENCIES AND/OR OTHER TIME-SENSITIVE MATTERS.**

## TERMS OF USE:

- I understand that it is my responsibility to monitor email received at the indicated email address(es) and to advise the clinic if any email address changes or should no longer be used by the clinic for online communications with myself. I understand that only the email address specified below will be used by the clinic for communication to me.
- If I am signing on behalf of my minor child, I understand that when he/she turns 18, the child will have the option of signing his/her own consent for ongoing online communication with the clinic.
- I understand that the clinic cannot guarantee the security of email and online messages that I send to or receive from the clinic.
- I agree not to use online communications to relay any emergency or urgent information about myself and understand that the clinic does not guarantee the receipt or review of any online messages that I may send to the clinic.
- I understand and agree that individual care providers may make decisions about my treatment based on information I provide through online communication and that this information may form part of my health record.
